

EVENT SERVICES

The City does not endorse any of the below vendors. This is not a preferred list, but rather a list of vendors that have been hired by renters more than one time in the last year to work in our facilities. Please feel free to hire from this list or outside of this list. Should you choose to hire outside of this list and the vendor has not worked at our facility, a scheduled tour may be needed to ensure a successful event.

Approved Heater Rentals

For use in Pickering Barn Hay Barn and/or Tibbetts Creek Manor tent

These ARE NOT your standard umbrella patio type heaters or space heaters. They are industrial indirect fired diesel heaters. They will burn approximately 2 gallons per hour on a moderate setting and will increase the space 10 – 15 degrees every hour, with a 2 hour max. Please direct your system questions to the customer service agents at any of these companies and book the heaters & arrange delivery / pick-up through them as well. They can also provide you will price estimates. It is your responsibility as a renter to install and operate the unit; however our staff will be on-site for assistance.
