- King County Search & Rescue Clinic: “Back Country Mistakes & How to Avoid them”; 10 am – 11 am in the Hay Barn www.kcsara.org
No one ever intends to get lost or injured in the woods, but occasionally it happens. Join King County Search and Rescue for this special engagement and interactive presentation. Hear real life rescue stories from rescue missions right here in the Cascades and I-90 corridor and learn what mistakes may have led the victims to their distressful positions. Brush up on what to do if you find yourself in a tricky situation, and how to avoid them in the first place. Check out interesting devices used to transport victims out of difficult locations and tricks used to help prevent further injury. Lastly, learn from the experts of Search and Rescue how to teach your kids and yourself the best way to avoid the “what ifs” of backcountry dangers
- Seattle Tilth Educators Talk: “Edibles in the Landscape” by Sue Hartman
12 pm – 1 pm in the Hay Barn www.gardenhotline.org
Urban spaces can be limited for edible gardens and impacted by shade from buildings and mature trees. This workshop will cover site assessment for gardeners interested in adding edible plants to their landscape. Plant placement and plant care will be addressed and ideas for integrating edible plants into the ornamental landscape will be covered. Included: a resource sheet on where to find supplies for soil products, plant list for plants suitable for containers and associated Naturals Guides
